Dear SIR OR MADAM

I'm writing concerning "PLANT WASHINGTON" in
WASHINGTON County, WHICH is located in Central
GEORGIA. THIS is a PROPOSED \$2.1 BILLION DOLLAR
COAL PLANT on APPROXIMATELY 1200 ACRES OF
LAND, PROBABLY PRIME Farm Land. My MAIN CON-
cern is a water line to BALDWIN County 30
MILES AWAY. THIS is a 16" line, DRAWING 16
MILLION GALLONS DAILY. 10 EMC'S ARE POOLING
their Capital to FINANCE this plant. THE LAST
I Heard they DO NOT Have all permits in order
to start construction. What is status of this
FACility and is it really needed? THE power
For this plant PROBABLY will NOT Be used in
Georgia. 10 EMC's are pooling their funds to
Build this Plant.

Sincerely
I AM Morris Martin

THE Oconee
RIVER is the
SOURCE OF
WATER
